A Beautiful Love Affair

“Crafted with precision in the heart of Delhi, our bathroom faucets blend traditional artistry with modern innovation, bringing elegance and functionality to your home.”

ABOUT US

OLEanna is a leading bathroom brass ware manufacturer providing high quality taps, showers, accessories and fittings to customers across the country.

OLEanna belongs to manufacturers of bathroom fittings known for quality and elegance. The far sighted vision of management raised the company to new heights in a very short span of its operation.

At OLEanna faucets are supplied with reliable and carefully through-out solutions, so you don't have to suffer for the sake of beauty. Evolving with changing life styles of people and understanding their need. OLEanna envisioned a whole new world of bathroom fittings and accessories.

Our products have been designed to withstand daily use, year after year, without problems. All new designs are fully tested using prototype models and operational performance is checked under extreme conditions. So all our models get a rough start in life. But we are not content with less, because without stability, the good life fades away like morning dew.

Our goal is just to be simple and ambitious.

We want to give you a better life with water.

We want to do more than just make taps. We make fittings for your well-being - for life, for you.

An ISO 9001:2015 Certified Company

Smooth Flow

Rich Quality

Long Lasting Smart Finish

Save Water

OUR MISSION

At **Oleanna** we are driven by our passion for providing modern bathroom faucets with great combination of luxury and affordability and excelling at offering quick, efficient and personalized customer service.

PROFESSIONALISM

We stand by our professionalism our well-developed expertise, our relentless search for continuous improvements and our unique customer service

WELL-DEVELOPED EXPERTISE

Our engineering group continuously works hard customizing, designing and enhancing the durability and performance of our faucets and accessories by listening to the needs of our customers and maintaining special attention to the internal components and material used during the manufacturing process.

EXCEEDS QUALITY STANDARDS

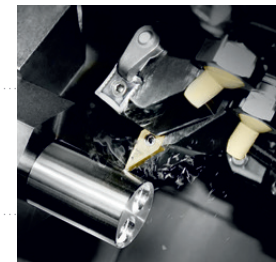

Our faucets are brought to you with a constant and special care to the environment. Each faucets and accessories is certified by the highest plumbing standard in India.

BUILT ON THE HIGHEST QUALITY STANDARDS

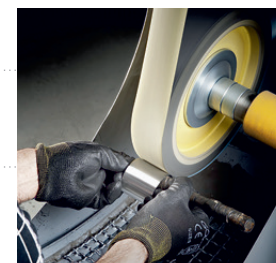

FOUNDRY

Induction furnaces, core shooters and gravity die-casting machines

CASTING

Virgin brass ingots are melted in the induction furnace and die-casted to be shaped in accordance with the technical designs. Material standard-is-292/1983

MACHINING

Hi-speed computer controlled spms cnc machine centers and in-house tool room (products are made of extruded brass rods on automats (traub machines) cnc's and ivmc's standards is-407/1981)

STATE OF ART GRINDING AND POLISHING MACHINES

Semi-automatic polishing machines, multi station, multi spindle rotary polishing machines, Hi-tech polishing machines.

ELECTRO PLATING LINE SURFACE FINISHING

This step involve finishing of the products through electroplating standard nickel 10-12 microns chrome -> 0.3 microns

FINAL PRODUCT ASSEMBLY

Experts assemble various parts using pneumatic tools

FINAL PRODUCT TESTING

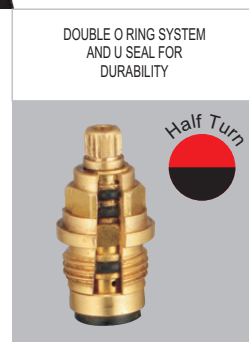

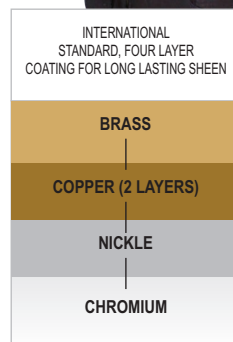

All products are tested under both hydraulic and pneumatic pressure as recommended by the Bureau of indian standard and as per international norms

STANDARD

Low water pressure 0 to 0.25 kgs/qcm

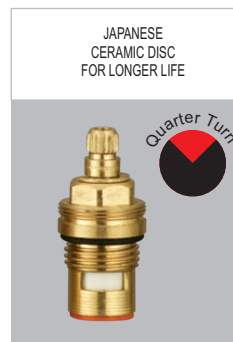

PACKAGING

Attractive packaging with cotton pouches, foam, thermocol, and bubble sheets is used to ensure zero Surface damage in transit or during storage and the finished products adorn every bathroom they reach.

The nickel and chromium coating on our faucets is in accordance to British Standards service condition no. 2 & 3 defined for kitchen / bathroom fixtures.

All half-turn ranges are fitted with unique double 'O' ring system (improved by Oleanna R&D team with 'U' seal) which works as waterproof grease trap for main working parts thus avoiding contact with water and is ideal for hard water conditions.

All quarter turn ranges are fitted with Japanese technology ceramic discs made of Alumina known to be the hardest material after diamond.

All single lever ranges are fitted with European Cartridges making them at par with international brands in terms of quality and performance.

FINEST QUALITY CARTRIDGE

HOW TO CHOOSE? FAUCETS

These are the type of faucets that carry cold water handling a lower volume of water and are usually operated by a lever or a mechanism that enables you to turn the water supply on and off.

Pillar Cocks

These are the ones that are used for basin area.

Bib Cocks

Wall mounted faucet used for general purpose for outdoor usage.

Angle Cocks

To control water volume for health faucets and basin mixers.

Sink Cocks

They are specifically made for kitchen sinks.

Flush Cocks

Made for flush-based toilets.

Stop Cocks

To start & stop water supply.

MIXERS

Mixers are the faucets that mix both hot & cold water and flow out of the spout.

Basin Mixers

These are specifically for the basins

Sink Mixers

These are for kitchen sinks.

Wall Mixers

These involve fitting a single unit in the shower area, connected only to a spout or with a shower.

DIVERTERS

Diverters are the major functional parts installed in the shower area that divert the water to a shower or a spout through a pipe behind the wall. They operate with fancy levers.

COMPLIMENTARY PRODUCTS

Showers

These are installed in the bath area to have the water sprinkled.

Health Faucets

These are installed near toilet area for cleansing.

Flush Valves

These are skillfully designed for toilet flushing purposes.

Bottle Traps

These are the drain part of basins that prevents sewer gas from entering the atmosphere.

Bathroom Accessories

These are essential items that are installed in the bathroom for storing toiletries, linen, toilet papers, soap, etc.

"Your perfect blend of
beauty and utility

Elevate your bathroom with our stunning collection of faucets that blend impeccable design with unmatched functionality. Crafted with precision and a keen eye for detail, each faucet is a masterpiece, exuding elegance and sophistication. Whether you prefer sleek modern lines or timeless classic curves, our faucets are designed to complement any bathroom style while providing a seamless and smooth water flow. Built from premium materials for durability and finished with a flawless polish, they resist wear and maintain their shine for years to come. Experience the perfect harmony of luxury and practicality with faucets that turn every moment into a statement of style.
